To whom it may concern,

It is my understanding the National Association of Broadcasters is trying to limit XM Radio's right to provide local traffic & weather.

I spend a lot of time on the road between Atlanta & Birmingham. I have come depend on XM Radio's traffic information. It lets me plan my trip "real time", so I don't have sit in Atlanta traffic, and I can take care of buisness. I need the information now. And XM Radio gives it to me now.

I'm paying XM Radio for a service I can't get anywhere else. I don't think the NAB should be able to tell me what I should be able to hear. I urge you to reject the NAB petition 04-160 and allow XM radio continue to provide a fine service.

Thank you,

Lee Byrd
